RECORD RETENTION AND DESTRUCTION POLICY

1) Purpose

The purpose of this Policy is to ensure that necessary records and documents are adequately protected and maintained and to ensure that records that are no longer needed by Rappahannock EMS Council or are of no value are discarded at the proper time. This Policy is also for the purpose of aiding employees of Rappahannock EMS Council in understanding their obligations in retaining electronic documents - including e-mail, Web files, text files, sound and movie files, PDF documents, and all Microsoft Office or other formatted files.

2) Policy

This Policy represents the Rappahannock EMS Council's policy regarding the retention and disposal of records and the retention and disposal of electronic documents. The Council shall comply with all Virginia record retention program requirements accordingly.

3) Administration

Attached as Appendix A is a Record Retention Schedule that is approved as the initial maintenance, retention and disposal schedule for physical and electronic records of Rappahannock EMS Council. The Executive Director, {hereafter referred to as the "Administrator"}, is the officer-in-charge of the administration of this Policy and the implementation of processes and procedures to ensure that the Record Retention Schedule is followed. The Administrator is also authorized to: make modifications to the Record Retention Schedule from time to time to ensure that it is in compliance with local, state and federal laws and includes the appropriate document and record categories for Rappahannock EMS Council; monitor local, state and federal laws affecting record retention; annually review the record retention and disposal program; and monitor compliance with this Policy.

Attached as Appendix B is a Record Recovery Plan as approved in the Rappahannock EMS Council's current Continuity of Operations Plan (COOP).

Appendix C includes a list of documents required for each student and course file (see Training Records).

Appendix D includes the current Rappahannock EMS Council File Storage Inventory list.

4) Suspension of Record Disposal In Event of Litigation or Claims

In the event Rappahannock EMS Council is served with any subpoena or request for documents or any employee becomes aware of a governmental investigation or audit concerning Rappahannock EMS Council or the commencement of any litigation against or concerning Rappahannock EMS Council, such employee shall inform the Administrator and any further disposal of documents shall be suspended until such time as the Administrator, with the advice of counsel, determines otherwise. The Administrator shall take such steps as is necessary to promptly inform all staff of any suspension in the further disposal of documents.

5) Applicability

This Policy applies to all physical records generated in the course of Rappahannock EMS Council's operation, including both original documents and reproductions. It also applies to the electronic documents described above.

C. CORPORATE RECORDS

Record	Retention Period
Corporate Records (minute books, signed minutes of the Board and all committees, corporate seals, articles of incorporation, Bylaws, annual corporate reports)	Permanent
Licenses and Permits	Permanent

D. CORRESPONDENCE AND INTERNAL MEMORANDUM

General Principle: Most correspondence and internal memoranda should be retained for the same period as the document they pertain to or support. For instance, a letter pertaining to a particular contract would be retained as long as the contract (7 years after expiration). It is recommended that records that support a particular project be kept with the project and take on the retention time of that particular project file.

Correspondence or memoranda that do not pertain to documents having a prescribed retention period should generally be discarded sooner. These may be divided into two general categories:

1. Those pertaining to routine matters and having no significant, lasting consequences should be discarded *within two years*. Some examples include:
 - Routine letters and notes that require no acknowledgement or follow-up, such as notes of appreciation, congratulations, letters of transmittal, and plans for meetings.
 - Form letters that require no follow-up.
 - Letters of general inquiry and replies that complete a cycle of correspondence.
 - Letters or complaints requesting specific action that have no further value after changes are made or action taken (such as name or address change).
 - Other letters of inconsequential subject matter or that definitely close correspondence to which no further reference will be necessary.
 - Chronological correspondence files.

Please note that copies of interoffice correspondence and documents where a copy will be in the originating department file should be read and destroyed, unless that

information provides reference to or direction to other documents and must be kept for project traceability.

2. Those pertaining to non-routine matters or having significant lasting consequences should generally be retained permanently.

E. ELECTRONIC DOCUMENTS

1. **Electronic Mail:** Not all email needs to be retained, depending on the subject matter.
 - Correspondence relating to specific students or courses should be retained in PDF form within the student or course files. This may include correspondence from ALS Instructor to Program Director regarding grades, disciplinary issues, or other important information.
 - Staff will strive to keep all but an insignificant minority of their email related to business issues.
 - Rappahannock EMS Council will archive email for six months after the staff has deleted it, after which time the email will be permanently deleted.
 - Staff will not store or transfer Rappahannock EMS Council-related email on non-work-related computers except as necessary or appropriate for Rappahannock EMS Council purposes.
 - Staff will take care not to send confidential/proprietary Rappahannock EMS Council information to outside sources.
2. **Electronic Documents:** including Microsoft Office Suite and PDF files. Retention also depends on the subject matter.
 - **PDF documents** – The length of time that a PDF file should be retained should be based upon the content of the file and the category under the various sections of this policy.
 - **Text/formatted files** – Staff will conduct annual reviews of all text/formatted files (e.g., Microsoft Word documents) and will delete all those they consider unnecessary or outdated. After five years, all text files will be deleted from staff members' desktops/laptops.
3. **Web Page Files: Internet Cookies**
 - All workstations: Web browsers (i.e., Google Chrome, Internet Explorer, etc.) should be scheduled to delete Internet cookies once per month.

If a document exists in both paper and electronic form., the official document will be the electronic document.

APPENDIX B - RECORD RECOVERY PLAN

1. Responsibilities

The Council is responsible for safeguarding all the records of ~~the~~ the organization, including the safe-keeping, accessibility, and retention of records for as long as required. The following Record Recovery Plan is part of the Council's current Continuity of Operations Plan.

2. Risks

Water damage is the most common form of disaster to affect records. Staff should undertake these actions to minimize the risk of damage to council records:

- Identify and check regularly potential internal and external hazards to include heating systems, water pipes, etc.
- Identify and check regularly potential penetration hazards such as windows, gutters, and drains.
- Maintain flood alarm that has been installed in current facility which will sound when sprinkler system is activated.
- Maintain all records in basement storage on shelving units that are in place to keep said records above the floor level. Never put records on the floor.

Fire damage is also a risk to council records. Precautions should be taken to minimize fire damage to include:

- Ensure that all existing fire regulations in respect to doors, extinguishers, and alarm systems are enforced.
- Keep storage areas clean and tidy.
- Utilize fire box in place in council office for high level documents.
- Maintain liaison with local fire department and inspectors.

Security of the council facility and record retention is of great importance. Minimize risk from loss or theft through the following efforts:

- Security guards for facility check all entrances to building after closing.
- Interior of building is equipped with security cameras.
- All staff members are made aware of the need for good security of records to include maintaining locked file cabinets after hours and utilizing backup systems for records to include the main server which is located in the basement and other electronic backup devices.

3. Essential Records

Essential records are those records that are critical to the Council in carrying out its function in emergency and post-emergency situations. These records may include, but are not limited to: Quickbooks accounting records, personnel files, inventory records, legal documents, etc. The

protection of essential records includes duplication (paper and/or CD), use of fireproof and secure storage, and remote storage offsite.

4. Instructions for Recovery of Records

- Assess the situation as soon as possible to determine if document salvage or protection is necessary.
- Air or fan-drying will be suitable for small quantities of records that have only been slightly damaged by water.
- Designate an assessment area to which damaged material or records can be taken. Ensure sufficient space to lay out records and pack as necessary.
- Consider using plastic crates or containers as stored on site versus cardboard boxes when moving damaged documents. The records should be placed in plastic bags to prevent further damage when packing.
- When records are removed, they must be labeled in the most convenient way to indicate their title/reference and location.
- Consider the need for document restoration for wet or fire damaged documents through local vendors. Do not attempt to separate material stuck together as this is a job for expert conservators.
