

PLEASE SEND TO THE COUNTY ADMINISTRATOR'S OF ORANGE, CULPEPER, RAPPAHANNOCK AND FAUQUIER.

COPY EACH LETTER AT THE BOTTOM WITH A CC: TO THE CORRESPONDING BOARD MEMBERS THAT REPRESENT THOSE LOCALITIES.

Dear

Good planning and coordination are necessary to the success of EMS during a disaster. The Rappahannock Emergency Medical Services Council's Regional Disaster Committee is responsible for coordinating and supporting a comprehensive approach to disaster management for Planning Districts 9 and 16. To enhance these efforts, we would like to encourage your region's participation with representation on this committee.

The Regional Disaster Committee is currently chaired by Billy Shelton, and meets on a monthly basis at the Council's Training Center in Fredericksburg. I have included a committee roster demonstrating the diversity of this group and representation from the many components of disaster preparedness. Also included are the minutes from the last three months.

Please consider making an appointment of your Emergency Services Coordinator or other appropriate individual to this committee. Should you have any questions or require more information, do not hesitate to contact me directly at 540-752-7721, extension 115 or by email at kdillard@lifecare94.com.

Sincerely,

Kevin Dillard
President
