New OMD Endorsement:

Dr. Garth announced to the Medical Direction Committee that we have received an Application for EMS Physician Endorsement from Dr. Nael Hasan. Dr. Hasan is seeking to serve as OMD and PCD to the EMS agencies in Caroline County.

Dr. Hasan was interviewed through a lengthy process conducted by Caroline County and they are seeking approval of his endorsement as well. Dr. Garth is currently serving as the OMD to Caroline following the resignation of Dr. Schnieder who moved from the area.

Dr. Hasan's application includes a copy of his Board Certification in Emergency Medicine, License to practice issued by the Virginia Board of Medicine, and documentation of completion of the Virginia OMD Training Course. He currently works in the Emergency Department of Mary Washington Hospital.

The application was recommended for approval by the OMDs represented in the electronic meeting, which represents a majority vote.
