Chief patron: Petersen

A BILL to amend the Code of Virginia by adding a section numbered 18.2-251.03, relating to safe reporting of overdoses.

Summary as passed Senate:

Safe reporting of overdoses. The bill provides that the affirmative defense may only be invoked by an individual who (a) remains at the scene of the overdose or at any location to which he is transported for emergency medical attention until a law-enforcement officer responds to the report of an overdose, (b) identifies himself to the responding law-enforcement officer, and (c) if requested by a law enforcement officer, substantially cooperates in a criminal investigation related to the drug or alcohol that resulted in the overdose. This affirmative defense does not prohibit the use of such evidence in
