REMS PATIENT CARE PROTOCOLS

Administrative Medical Trauma Clinical Procedures Reference Medication Reference

Item D

Item C

Individuals may access the Rappahannock EMS Council's Pre-Hospital Patient Care Protocols through AccessMeCare™ by following these steps:

1. Open your preferred web browser on your smart phone, tablet, or computer.
2. Type <https://rappahannock.accessmecare.com/> into the search bar or click the hyperlink.
3. This will open to AccessMeCare™ to the landing page shown in Figure 1.
4. Click the "Hamburger Menu" (Item A).
5. Click "REMS Patient Care Protocols" in the menu.
6. Click the relevant section of the Patient Care Protocol you wish to read (Item B).
7. This will open that section of Patient Care Protocol in an actionable PDF Viewer – Refer Figure 2.
8. Click a Protocol or Paragraph Title (Item C) to automatically navigate to the section of the document.
9. At this point you can scroll or page through that section of the Patient Care Protocol. You may also print.
10. If you wish to navigate to another section of the Patient Care Protocol click the Section Navigation Button (Item D) above the PDF document viewer.
